Message from our Pastor

March 21, 2021

We are excited to begin this Above and Beyond campaign as we continue our journey toward relocation!

God has been so good to us along the way. He has done numerous mighty deeds on our behalf and blessed us financially through the generous and sacrificial giving of so many people. Just recently, the Lord moved in the heart of our neighbor to give us - yes, give as in for free - the land that includes the road coming to our property from Grand Vista Circle! We continue to be in awe of God's incredible provision on our behalf.

By God's grace, we now stand at the threshold of realizing our dream to reestablish our ministry at a prime location and a new facility. This new campus will advance the mission given to us by Jesus to Make, Mature, and Multiply Disciples of Christ among all People. It will enhance our ability to grow and thrive as a church for many decades to come. It gives us greater visibility as a church, eliminates obstacles to growth that we currently have such as lack of parking and no ability to expand. Our relocation will help to ensure that long after our generation is gone, the gospel of Jesus Christ is still proclaimed, the Word of God still preached, and disciples of Jesus still made through the faithful service of those who will follow in our footsteps.

There are several viable ways that we can establish ourselves on our new property. However, the north option is what we are believing God for. The north option gives us an easier path to the completion of the full facility as well as more flexibility and greater possibilities for ministry, programs, and outreach. Of the phased options, it is the one we most desire.

With the glory of God and the work of the gospel in mind, would you do this simple thing? Petition our Father in heaven, in the Name of the Lord Jesus to miraculously provide every dollar needed to complete the north option and to ask Jesus what amount He would have us invest in His kingdom through this Above and Beyond campaign opportunity. It may be just a small amount, or it may be a very large amount. Whatever it is, we simply need to obey God's leading in our lives.

Working together for the glory of God, - Pastor Rob

Join us in prayer, with mountain moving faith in the God who is able to do far more abundantly beyond all we ask or think.

- *Ephesians 3:20*
